\*Percentile values shown are rounded to the nearest tenth. Score concordance tables may show a range in linked scores due to the nature of percentile computation involving differences in score bin sizes and observed frequencies. Concordance linking between the previous edition of the exam, the GMAT Exam (10<sup>th</sup> Edition), and current edition, the GMAT Exam (Focus Edition), was established using the data from 2017 – 2022.

\*\*Please note that the percentile values presented in this table are subject to be updated annually in the third quarter of the year. The percentile values in this document are based on the data period between July 1, 2019 and June 30, 2024.
