

# ESSENTIALprep™

Empower tomorrow's business leaders with the skills your classroom demands today.

The **ESSENTIALprep**™ program makes it simple. The online prep courses let students review fundamental business school concepts at their own pace, so they can come to class ready to learn at a higher level.

## An Introduction to ESSENTIALprep™

## What is ESSENTIALprep™?

- Web-based tool to teach incoming students core business skills
- Interactive, self-paced and easy to use

# Why Use ESSENTIALprep?

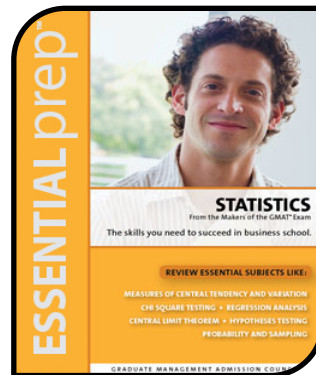

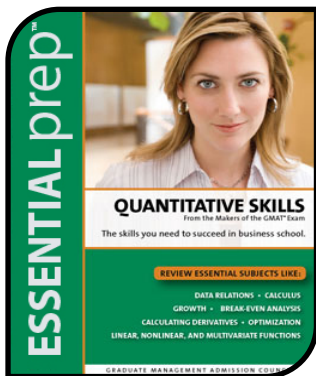

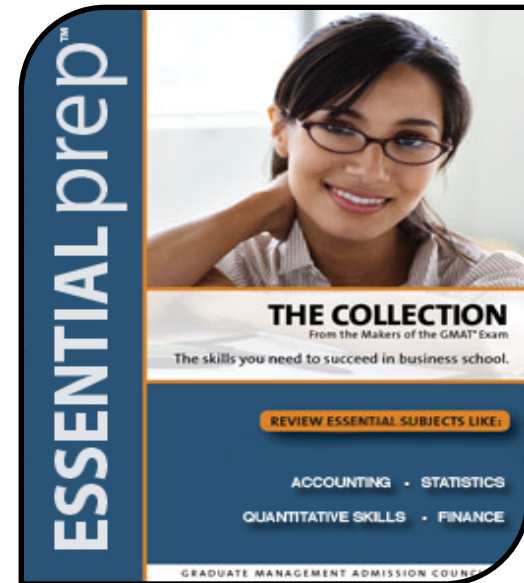

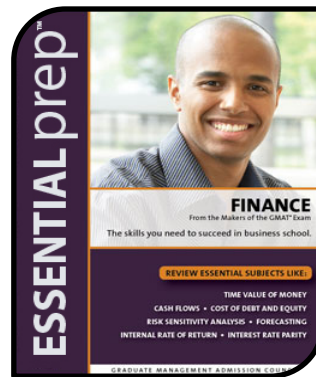

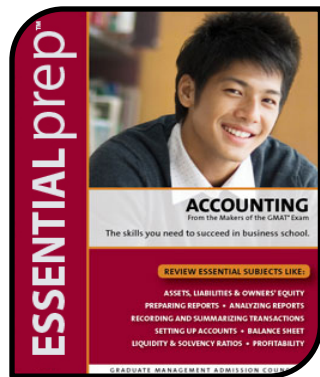

## Students

- Prepare academically before classes begin
- Study at your own pace
- Access program from any computer

## Schools

- Identify students' areas of weakness
- Great investment with high return
- Progress Viewer manages your account

## Choose one or all Modules...

# Accounting Module Course Overview

Topic 1: Financial Accounting

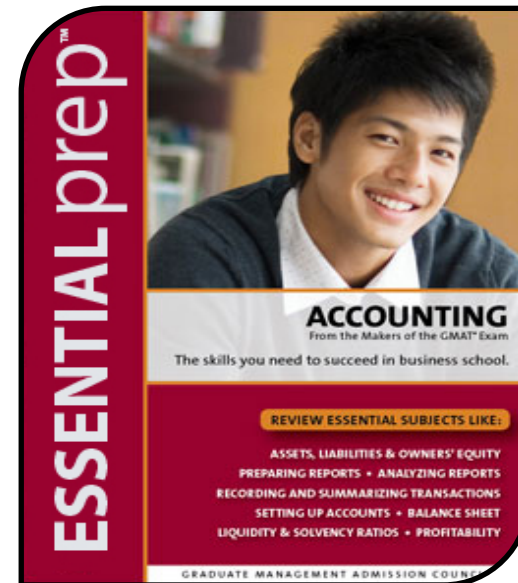

Topic 2: Elements of Accounting

Topic 3: Setting up Accounts

Topic 4: Accounting Transactions

Topic 5: Preparing Reports

Topic 6: Analyzing Reports

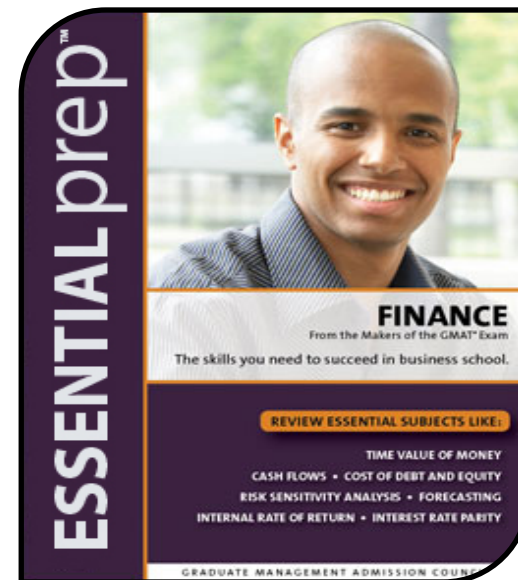

# Finance Module Course Overview

Topic 1: Time Value of Money

Topic 2: Forecasting

Topic 3: Project Evaluation

Topic 4: Required Rate of Return

# Quantitative Skills Module Course Overview

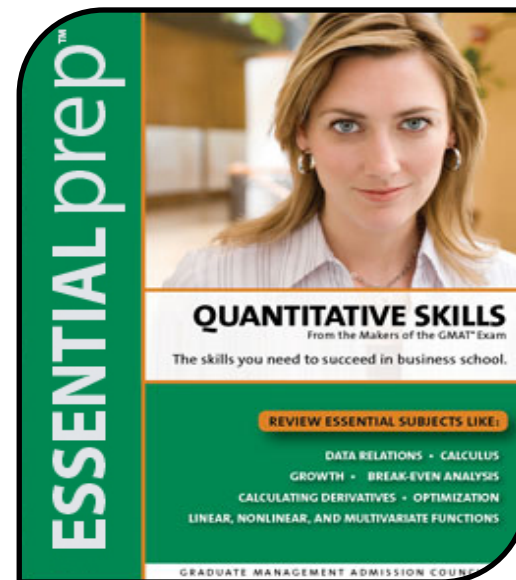

Topic 1: Data Relations

Topic 2: Functions and Graphs

Topic 3: System of Equations

Topic 4: Exponents

Topic 5: Calculus

# Statistics Module Course Overview

Topic 1: Descriptive Statistics

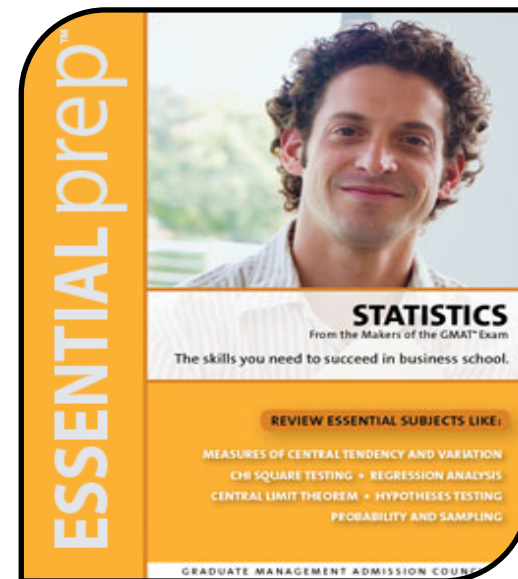

Topic 2: Probability

Topic 3: Probability Distributions

Topic 4: Sampling Distributions

Topic 5: Hypothesis Testing

Topic 6: Regression

### TOPIC OVERVIEW

#### Topic 2 Probability

Uncertainty is a normal part of everyday life. The weather, stock prices, the retail prices of commodity goods including oil, flour, and sugar, the number of phone calls that we make or receive in a day, the amount of time spent watching television or reading books. While one may be able to estimate the mean number of phone calls made or received in a day, uncertainty means that we cannot predict the exact number. Probability theory refers to the branch of mathematics that deals with analyzing and understanding uncertain or random events. In this section, you will be introduced to random experiments, different types of events, Venn diagrams, probabilities, the Addition Rule and the Multiplication Rule.

SELECT A LESSON OR CASE STUDY TO WORK ON.

## Features for students

- Lesson Summaries at the end of each lesson

The screenshot displays the 'ESSENTIAL prep STATISTICS' interface. At the top, it shows 'COURSE MANAGER · T2 Probability · L1 Random Experiments and Events'. The main content area is titled 'LESSON' and contains a 'LESSON SUMMARY' tab, which is highlighted with a red box. The summary text includes:

- Random Experiment**  
Any experiment whose outcome cannot be predicted in advance, but is one of the set of possible outcomes, is called a random experiment.
- Sample Space and Events**  
The sample space is the set of all possible outcomes of a random experiment. An event is the outcome or a combination of outcomes of an experiment. In other words, an event is a subset of the sample space.
- Union**  
The combination of two or more events within the sample space is called the union of events.
- Intersection**  
The overlap of the outcomes of events is known as the intersection.
- Types of Events**

At the bottom of the summary area, it states: 'DEMO MODE: Print, Email, and Download are disabled in demo mode.' Below this are buttons for 'PRINT', 'EMAIL', and 'DOWNLOAD'. The interface also features a right-hand sidebar with sections for 'NAVIGATOR', 'TESTS' (No tests taken), 'NOTES' (ADD), 'BOOKMARKS' (ADD), and 'GLOSSARY' (Terms in this course:). A 'HELP' button is located at the bottom right. Navigation controls include 'PREV: INTERACTIVE PRACTICE' and 'NEXT:'. A 'CLOSE X' button is in the top right corner.

## Features for students

- Test Your Knowledge feature helps students identify strengths and weaknesses within each Topic

The screenshot displays the 'ESSENTIAL prep STATISTICS' interface. At the top, there is a 'CLOSE X' button and a 'DEMO USER :: LOG OUT' link. Below this is a 'COURSE MANAGER' header with a 'COURSE MANAGER' title. The main content area is divided into 'TOPIC/LESSON MENU' and 'PRESCRIBED LESSONS' tabs. The 'TEST YOUR KNOWLEDGE' feature is highlighted with a red box. Below this, a 'DEMO MODE' warning states: 'Select Probability from the drop-down menu under Topic Tests to access the practice test. All other tests (other topic practice tests, final tests and course-level tests) are disabled in demo mode. Click Cancel to return to the Navigator panel.' The interface includes a 'NAVIGATOR' sidebar on the left and a 'NAVIGATOR' panel on the right with sections for 'TESTS', 'NOTES', 'BOOKMARKS', and 'GLOSSARY'. The 'TESTS' section shows 'No tests taken.' The 'NOTES' section shows 'Unread: 0', 'System: 0', and 'Personal: 0'. The 'BOOKMARKS' section shows 'Latest Bookmark: No bookmarks created.' The 'GLOSSARY' section shows 'Terms in this course: 82'. A 'HELP' button is located at the bottom right. The main content area has a 'SELECT A TOPIC' dropdown and 'TAKE PRACTICE TEST' buttons for 'TOPIC TESTS' and 'COURSE TESTS'. A 'CANCEL' button is at the bottom center.

## Features for students

- Test Your Knowledge feature helps students identify strengths and weaknesses within each Topic

The screenshot displays the 'ESSENTIAL prep STATISTICS' COURSE MANAGER interface. The main content area is titled 'TEST YOUR KNOWLEDGE' and includes the following text: 'You may take either a topic-level or course-level test. For a topic-level test, select a topic from the pulldown menu and click either Take Practice Test or Take Final Test. For a course-level test, click Take Practice Test or Take Final Test from the Course Tests section below. You may take an unlimited number of practice tests, but only one final test per section.'

The interface is divided into two main sections: 'TOPIC TESTS' and 'COURSE TESTS'. The 'TOPIC TESTS' section features a dropdown menu with 'Probability' selected, and two buttons: 'TAKE PRACTICE TEST' and 'TAKE FINAL TEST'. The 'COURSE TESTS' section features two buttons: 'TAKE PRACTICE TEST' and 'TAKE FINAL TEST'. A 'CANCEL' button is located at the bottom of the main content area.

On the right side, there is a 'NAVIGATOR' sidebar with the following sections:

- TESTS**: Latest test on 9/24/12, Type Topic, Score: n/a
- NOTES**: Unread: 1, System: 1, Personal: 0
- BOOKMARKS**: Latest Bookmark: No bookmarks created.
- GLOSSARY**: Terms in this course: 82

At the bottom of the interface, there is a link to 'Click below to review the tutorial slide show.' and a 'TUTORIAL SLIDESHOW' button.

## Features for students

- Test Your Knowledge feature helps students identify strengths and weaknesses within each Topic

The screenshot displays the 'ESSENTIAL prep STATISTICS' COURSE MANAGER interface. The main content area is titled 'TEST YOUR KNOWLEDGE' and includes the following text: 'You may take either a topic-level or course-level test. For a topic-level test, select a topic from the pulldown menu and click either Take Practice Test or Take Final Test. For a course-level test, click Take Practice Test or Take Final Test from the Course Tests section below. You may take an unlimited number of practice tests, but only one final test per section.'

The interface is divided into two main sections for testing:

- TOPIC TESTS:** A dropdown menu is set to 'Probability'. Below it are two buttons: 'TAKE PRACTICE TEST' (yellow) and 'TAKE FINAL TEST' (green).
- COURSE TESTS:** This section is highlighted with a red rectangular box. It contains two buttons: 'TAKE PRACTICE TEST' (yellow) and 'TAKE FINAL TEST' (green).

At the bottom of the main content area, there is a 'CANCEL' button (yellow) and a 'TUTORIAL SLIDESHOW' button (yellow) with the text 'Click below to review the tutorial slide show.' above it.

The right sidebar contains several utility sections:

- NAVIGATOR:** A vertical sidebar on the left side of the main content area.
- TESTS:** Shows 'Latest test on 9/24/12', 'Type Topic', and 'Score: n/a'.
- NOTES:** Shows 'Unread: 1', 'System: 1', and 'Personal: 0'.
- BOOKMARKS:** Shows 'Latest Bookmark: No bookmarks created.'
- GLOSSARY:** Shows 'Terms in this course: 82'.
- TABLES:** A yellow button.
- HELP:** A yellow button.

**HELP: ADMIN PANEL- MAIN**

1 These are your purchased codes. Select the course from pulldown, select students, then click Assign or Remove. At least one student must be selected.

2 Legend: Each student row will be color-coded to reflect their status.

3 Click Add Students to enter students manually or upload a CSV file.

4 Click on the headers to sort list by column. Double-clicking will reverse order.

5 Double click any field to edit, or add a code manually. In Scores columns, n/a is no score data, T is topic scores only, grade is final course grade.

6 Use bottom links to delete selected students from list, select all, email students or view topic scores. At least one student must be selected.

6 Delete Selected Select All Email Selected Topic Scores
